 Director of Clinical Education: Mavis Y. Williams, MS, RRT, RCP

1 college credit (15 clock hours) continuing education courses will be offered with various start dates.

Course Title	Course description	Start/End Dates	CRN number
RCP 253 - Basic EKG Interpretation. Online only	A general overview of basic EKGs including interpretation and correct lead placement for individuals who perform or monitor EKGs or as a pre-course for those planning to take ACLS.	6/1/2011 - 6/30/2011	41144
		7/1/2011 - 7/30/2011	41145
		08/1/11 - 08/30/11	51001
		09/01/11 - 09/30/11	11340
RCP 254 - Adult Nitric Oxide Therapy. Online only	This course is designed to familiarize respiratory care practitioners in the application and use of inhaled nitric oxide (iNO) in the adult patient. The respiratory therapist will learn the effect of iNO on the cardiopulmonary system under various medical situations as they pertain to the adult patient.	6/1/2011 - 6/30/2011	41146
		7/2/2011 - 7/29/2011	41147
		08/1/11 - 08/30/11	51002
		09/01/11 - 09/30/11	11342
RCP 255 - Introduction to Hyperbaric Oxygen. Online only	This course is designed to familiarize respiratory care practitioners with the history, application, and basic therapy of hyperbaric medicine. The respiratory therapist will learn the inescapable effects that the changing character of the atmosphere with increasing altitudes has on physiological functioning. The practitioner will get basic understanding of the problems to be encountered and the effects of pressure change which accompany changes in altitude.	6/1/2011 - 6/30/2011	41148
		7/1/2011 - 7/30/2011	41149
		08/1/11 - 08/30/11	51003
		09/01/11 - 09/30/11	11343
RCP 293 - Survey of Polysomnography Online only	This course is designed to give the participant an overview of the field of polysomnography (sleep medicine).	6/4/2011 - 7/1/2011	41150
		7/1/2011 - 7/30/2011	41151
		08/1/11 - 08/30/11	51004
		09/01/11 - 09/30/11	11345
RCP 251 - CRT Respiratory Board Exam Review Course.	Preparation and review for credentialing for the NBRC CRT exam for graduates of a CoARC accredited Respiratory Therapy Program.	09/24/11 - 09/25/11 Sat/Sun class 9:00 AM - 5:00 PM both days	11337
RCP 252 - RRT Respiratory Board Exam Review Course.	Preparation and review for credentialing for the NBRC RRT exams for graduates of a CoARC accredited advanced level Respiratory Therapy Program.	10/08/11 - 10/09/11 Sat/Sun class 9:00 AM - 5:00 PM both days	11338
